

We are currently writing up the evaluation report of the two year Equine Assisted Learning Project 2008 – 2009 which was funded by the AIB Better Ireland Programme. During this time, over 330 young people under the age of 18 participated an Equine Assisted Learning Programme. The report will be officially launched at our Opening Doors to Learning Seminar which takes place on Friday 23rd and Saturday 24th April 2010. This evaluation is also the study of a PhD which is being done through Dublin City University and will be submitted mid 2011.
